Reliable, astute, and goal-oriented professional featured in Vogue, WWD, i-D and more, with multiple certifications and a passion for quality and success. Proficient in multiple software programs along with sewing and technical abilities. Able to adapt, remain flexible, and engage in creative proposals to meet goals that exceed outlined standards. Teamwork-oriented, driven and responsible with an eye for minute detail.

WORK EXPERIENCE

Womenswear Design Intern

Off-White/New Guards Group

July 2023

- Researched product styles, general trends, inspiration, textiles, details and materials.
- Developed moodboards, sketches, colorways, digital tech flats, and tech packs.
- Reworked incoming samples and prototypes for new ideas.
- Supported during fittings and providing constant feedback to product development team.

Waitstaff

Dave & Buster's

Nov. 2018 - May 2019

- Took orders, recommending dishes based on guests' tastes and preferences, accepted payments and always ensured an outstanding guest experience.
- Identified and resolved any special requirements, wants and needs of customers.
- Delivered orders to tables in a timely manner, adhered to food, sanitary and safety standards and inspected the quality and looks of the dishes, making sure they uphold standards.
- Teamwork mentality collaborating closely with other staff members for work efficiency.

Multiple Launch Rocket Systems Specialist

U.S. Army

Jan. 2015 - Sep. 2018

- Apart of a three man, MLRS team, that supports infantry and tank units while supplementing cannon artillery in combat. The MLRS launches various missiles and rocket ammunition in quick strikes during combat. Duties included, targeting, firing, and maintaining weapons used to destroy enemy positions, aircrafts, and vessels.
- Travelled to South Korea twice in support of the United States Forces Korea (USFK) working closely with many Republic of Korea Army Soldiers as first responders against any threat from North Korea.
- Operated high technology rocket/missile artillery weapon systems and managed to transport multiple live rocket/missile pods for launcher shooting qualifications, cutting certification time in half.
- Received multiple medals and ribbons for meritorious service, achievements and exemplary behavior and efficiency.
